

M2DCON

Fuller's Earth Sorbent

Fuller's Earth Sorbent is a highly effective adsorbent powder effective for removal of liquid chemicals (chemical warfare agents and toxic industrial chemicals).

Fullers Earth is currently used by military and civil emergency service personnel to decontaminate clothing and equipment; it is ideal for direct application onto chemical protective clothing (CPC), equipment and vehicles.

Fuller's Earth is a composition of clay minerals that is completely safe for use on skin. Fuller's Earth has a long shelf life (greater than 5 years) and is not affected by temperature extremes.

It is rapidly deployable and easy to apply making it extremely effective for a wide range of down range requirements.

M2DCON Fuller's Earth Sorbent is packaged in 1-LB bags for logistical ease and sold in cartons containing forty(40) 1-lb. bags.

Model Number	Description
FE-DCON-CT40-01LB	Fuller's Earth Sorbent, 1-lb. bag - 40 bags per carton
